Summary

As an individual with advanced AutoCAD and SketchUp skills, I possess a comprehensive understanding of both software, enabling me to proficiently create, modify, and optimize 2D and 3D designs. With extensive experience in drafting and modeling, I can swiftly produce accurate and intricate architectural drawings, engineering layouts, and realistic visualizations. My expertise allows me to efficiently handle complex projects, collaborate seamlessly with teams, and deliver high-quality outputs. Whether it's creating detailed floor plans, precise technical drawings, or visually stunning 3D renderings, my mastery of AutoCAD and SketchUp guarantees exceptional results and contributes to the success of any design endeavor.

Site Engineering

May 2023 - June 2023 (2 months)

Rajkot, Gujarat, India

During my civil engineering internship, I had an enriching experience that broadened my understanding of the field. Working alongside seasoned professionals, I was exposed to real-world projects and challenges, which taught me to apply theoretical knowledge to practical situations. From conducting site surveys to assisting in structural analysis and design, I actively contributed to various stages of construction projects. Collaborating with multidisciplinary teams improved my communication and teamwork skills. Witnessing the completion of projects I contributed to gave me a profound sense of accomplishment. This internship not only strengthened my technical

competence but also confirmed my passion for pursuing a successful career in civil engineering.

Education

Marwadi University

Diploma of Education, Civil Engineering · (July 2021 - March 2024)

Marwadi University

Diploma of Education, Civil Drafting and Civil Engineering CAD/CADD · (2021)
